FOOT REFLEX

His or Her foot treatment begins with a cooling seawater foot bath to help relax and relieve swollen feet, followed by a foot reflex massage based on the ancient art of stimulating pressure points on the feet related to specific organs – working on those reflex points promotes health in those organs via the body's energetic pathways. The treatment promotes circulation; it is deeply relaxing with benefits that can be felt throughout the body. It is a good choice to alleviate tired and heavy feet and legs after a long flight or if you don't want to get oil on your body or in your hair!
